

Quality Policy

Glenfield Engineering Operates a Quality Management System (QMS) in line with ISO9001:2015 Standard and is involved in the provision of:

- Mechanical Services
- Pipe fabrication & installation
- Tank fabrication
- Equipment installation

Glenfield engineering is committed to:

- Satisfying applicable requirements by ensuring that all stakeholder and applicable statutory and regulatory requirements are determined, understood and consistently met.
- Continuous improvement of the QMS by ensuring the risks and opportunities that can affect conformity of products and services and the ability to enhance customer satisfaction are determined and addressed and the focus on enhancing customer satisfaction is maintained.

The QMS is an integral part of our process management and Top Management is dedicated to its continual improvement by:

- Providing clear focus on priorities by establishing business and quality objectives, which are reviewed periodically through the management review process
- Promoting the use of risk based thinking
- Ensuring adequate resources are available that are trained and competent in the roles in which they are assigned
- Establishing and maintaining relationships with all stakeholders and interested parties to improve the final product to the customer/end user
- Ensuring that the QMS remains effective in achieving business and quality objectives, conforming to the requirements of the ISO 9001:2015.

This policy is displayed at our Head Office and has been communicated to all employees. It is also available upon request.

Signed:  Date: 03/08/2022

Shane O' Brien
Managing Director
